### Ms. Maria Matos/Census Bureau

Ms. Matos provided an update on the Census 2020 status. If a resident does not respond by August 11, 2020 census workers will begin knocking on doors. Every census worker will have official ID, and an iPad with the census bureau logo. All census workers will also wear gloves and masks. Alternatively, residents can complete the census online at 2020census.gov or by calling (844) 330-2020. Ms. Matos reminded everyone that the census is critical to ensure that our community receives appropriate funding and congressional representation. The census team will also provide flyers for residents to distribute in their neighborhoods to encourage participation. Participation in the 2020 census will impact funding for the community for the next 10 years.

From September 22 -24 census workers will be out counting the homeless.

Census workers are still being recruited to do follow-up home visits, the role pays \$28 per hour and the training time is paid. The extra income will not impact other benefits like food stamps and Medicaid.

The time to respond to the census has been extended to October 31<sup>st</sup>. Ms. Matos noted that the Wakefield community's census completion rate is significantly below the national average.
